OUR SCHOOL STRATEGIC PLAN

All schools have a Strategic Plan. The plan has specific goals that schools focus on within their context. Our Strategic Plan is currently under review and gaining feedback and voices from our school whanau is important as we plan ahead, for the next 3 years. From our first whanau meeting held earlier this term, 24th May, valuable feedback was shared and gathered reflecting on key questions; *What is important to you? How would you like to be involved? Are there events or parent groups that could further enhance student learning? How can we support learning at home with you?*

At our next meeting in Term 3, you will be invited back to unpack our current strategic plan and goals, and discuss and answer questions. We will gather your responses about the plan. Below is a copy of our current Strategic Plan. Reflect on this and bring along your ideas to our next whanau meeting!

The image shows the cover of the Strategic Plan document. It features the school logo and name, along with the tagline 'Empowering learners together'. Below the header is a table with three columns: Strategic Goals, Key Initiatives, and Success.
